Scorebuilders'

Review Course Offerings

Scorebuilders is a physical therapist owned company whose sole focus is to prepare students for the NPTE-PT. We are passionate about what we do and believe our entire product line demonstrates our commitment to excellence.

There are a number of items that distinguish our courses from those offered by our various competitors. These are important differences that have made Scorebuilders the largest provider of PT and PTA review courses in the United States. In fact, we have experienced three decades of consecutive growth and offer over 300 PT and PTA review courses annually.

Scorebuilders' Review Course offerings (On-Campus, Webinar, ACE) are designed to assist students to pass the examination on their first attempt. The different delivery models guarantee that we have a perfect solution for your academic program's unique needs!

On-Campus Review Course

Over 300
PT & PTA
Courses
Annually

Three Offerings, One Goal: PASS!

Scorebuilders' Review Course offerings (On-Campus, Webinar, ACE) are designed to assist students to pass the examination on their first attempt. All three courses cover the same information with the delivery model being the primary difference.

On-Campus Review Course

Our On-Campus Review Course is our traditional offering provided by a Scorebuilders' instructor on your campus. This face to face, live offering is ideal when students are collectively on-campus and are able to establish specific course dates.

- Two-day course held on your campus
- Led by an exceptional Scorebuilders' instructor
- 240 page course manual and 15 days free Basecamp access

On-Campus Review Course

Webinar Review Course

Our remote course allows students to experience the equivalent of the On-Campus Review Course while being away from campus using our remote learning software. This offering is ideal for students that are scattered throughout the United States and are able to establish specific course dates.

- Two-day online course using remote technology
- Led by an exceptional Scorebuilders' instructor
- 240 page course manual and 15 days free Basecamp access

ACE - A Competitive Edge

Our self-paced ACE course provides students with the ability to experience our review course on a schedule of their choosing using a robust eLearning platform. This offering is ideal for students with variable study schedules and potentially differing exam dates.

- Self-paced course using our dynamic eLearning platform for 120 days
- Led by Scott Giles, President of Scorebuilders
- 120 days free Basecamp access

For more information on ACE, please view our ACE viewbook on scorebuilders.com.

Course Description and Objectives

Our course instructors create a stimulating learning environment that motivates and empowers students. Discussion, spirited debate, and assessment activities assist students to refine critical reasoning skills when answering challenging multiple-choice questions. The course is typically scheduled 8:00-5:00 on day one and 8:00-3:00 on day two. The course includes an hour lunch break and a brief a.m. and p.m. break.

Following completion of the course students will:

- Identify current strengths and weaknesses by answering challenging multiple-choice questions.
- Improve decision-making skills when answering multiple-choice questions with good, better, and best options.
- Design and implement a comprehensive study plan based on the latest information available from the Federation of State Boards of Physical Therapy.
- Utilize innovative individual and group study tools to enhance the efficiency of study sessions and maximize applied learning opportunities.
- Develop strategies to maximize the effectiveness of study sessions.
- Utilize quantitative and qualitative measures to determine readiness to take the NPTE-PT.
- Demonstrate increased motivation and confidence to pass the examination on the first attempt.

More Than Just Sample Questions

The course provides students with a comprehensive view of how to prepare for the examination. In addition to identifying strengths and weaknesses by answering sample examination questions, the course provides students with a comprehensive study plan for the NPTE-PT. This powerful one-two combination allows students to maximize the efficiency and effectiveness of their study sessions and translates into higher examination scores. The review course is updated for the 2024 NPTE-PT Blueprint and includes scenario and video questions.

Feel Prepared!

Our course prepares students to make an objective decision on their readiness to take the exam by providing specific benchmarks using a variety of available learning tools. Our belief is that students must base their readiness to take the examination on performance data and avoid relying on less relevant variables such as the amount of time spent studying. By engaging in guided self-assessment activities, students become more likely to objectively analyze their own performance and avoid the significant consequences of taking the exam prematurely.

Course Instructor & Course Instructor Training

We have over 40 outstanding instructors who have impressive qualifications and credentials. The instructors represent a broad mix of seasoned academic faculty and expert clinicians. They are hand selected, experienced educators who are superior teachers and their teaching evaluations support this belief. We have extensive training materials including videos, audiotapes, instructor notes, and regular email blasts to communicate necessary information. We have had virtually no turnover in our instructors over the years, although we have continued to add instructors due to our consistent annual growth. Profiles for each of our instructors are available on our web site <https://scorebuilders.com/instructors>.

Ready, Set, Schedule!

HOSTING A REVIEW COURSE

Our courses are offered on weekdays, weekends or even Friday/Saturday. We ask that academic programs provide a first and second choice of dates for scheduling the course. Once course dates have been established, our office will issue an invoice for the course deposit of \$500. The deposit can be paid by check, purchase order or credit card.

Students can purchase our best-selling review book PTEXAM: The Complete Study Guide, Basecamp, Online Advantage, and/or Content Master Flash Cards using the 20% review course discount as soon as the course is officially scheduled.

PERKS

HERE ARE A FEW EXAMPLES OF THE ADVANTAGES OF HOSTING A SCOREBUILDERS' COURSE!

Fixed fee pricing offers incredible value

FREE Scorebuilders' Course Manual

20% discount on resources

FREE Basecamp Access

To schedule an **On-Campus** or **Webinar Course**
please contact **Scorebuilders**.

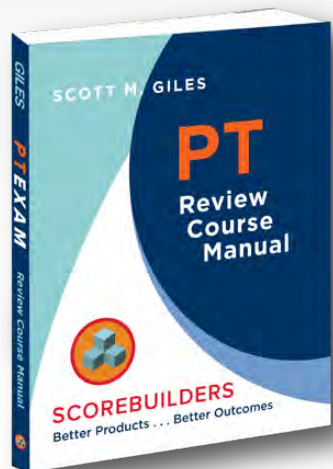

Pricing Structure

Our unique pricing structure does not fluctuate based on the number of course participants and instead relies on a fixed fee of \$4,000 for our two-day course. This type of structure makes the most innovative and comprehensive review course affordable for groups of various size. For example, the per student fee for a class of 40 students would be \$100, while the per student fee for a class of 20 students would be \$200. Students participating in the review course are not required to purchase our licensing resources, however, are entitled to a 20% discount on our best selling review book PTEXAM: The Complete Study Guide, Basecamp, Online Advantage, and/or Content Master Flash Cards prior to, during, or after the review course. Students attending the course receive 15 days of **FREE Basecamp** access!

Our fixed fee pricing structure and complimentary resources make the course an unquestionable value. Our goal has always been to make the course affordable for students and at the same time deliver a review course that stands head and shoulders above the competition. Our outcomes and market share demonstrate our commitment to excellence.

Review Course Manual

Students participating in the review course receive a copy of our review course manual. The manual is filled with sample questions, assessment activities, study tools, and other valuable resources to assist students with their preparation for the NPTE-PT. The manual is used throughout the two-day course and remains a valuable resource for students until the day they take the NPTE-PT. Frequent manual updates ensure that the manuals convey even the most recent NPTE-PT developments.

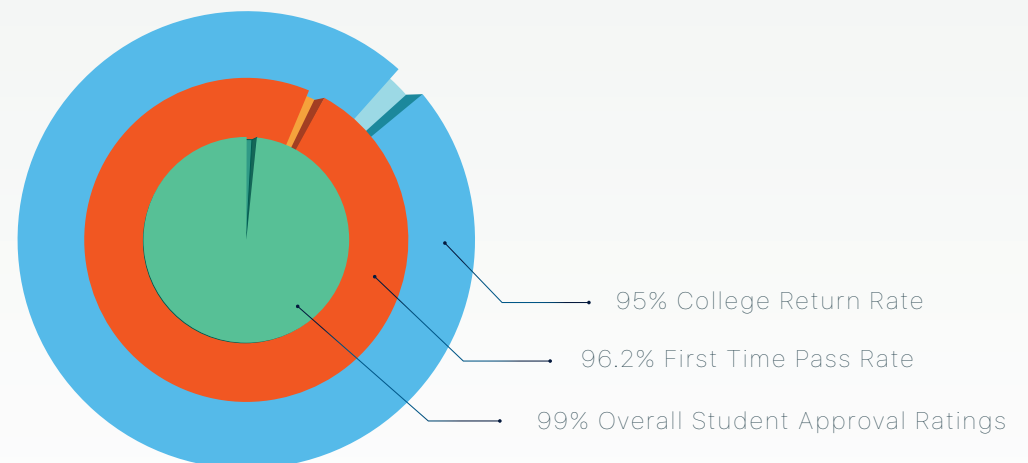

Feedback

We have been extremely pleased with the course feedback from students and faculty. Our continued growth and large list of repeat customers speaks to the success of our courses. Our course evaluation form reveals that over **99% of course participants responded, "strongly agree" or "agree"** when asked if the course should be offered to next year's graduating class. Please visit our web site for additional representative examples of student and faculty feedback or request samples of aggregate feedback from recently completed courses.

"I could not imagine a better use of two days! I was amazed at the quality of the instructor and the resources provided. Thank you!"

Outcomes

Our surveys consistently demonstrate that students attending the course have a greater probability of passing the NPTE-PT on their first attempt and tend to score higher than the mean scale score reported by the Federation of State Boards of Physical Therapy. In addition, **over 95% of the academic programs hosting our review course have made the course an annual offering.** This is perhaps the strongest testament to the success of our courses.

START CLIMBING TODAY!

- ✓ **Basecamp - Standard** is a web-based program that assists students to develop mastery of essential core academic content.
- ✓ **Basecamp** takes students on a journey through five Mountains (Musculoskeletal, Neuromuscular, Cardiopulmonary, Other Systems, Non-Systems) and 140 Trails (e.g., Special Tests, Cardiac - Pathology, Motor Learning, Research Concepts).
- ✓ **Basecamp** collectively includes hundreds of academic assignments, 3,000 flash cards, 80 hours of videos, and 6,000 multiple-choice questions.
- ✓ Our **Basecamp Arena** app allows active users to play Basecamp's competitive games, Climb and King of the Mountain, anytime and anywhere!

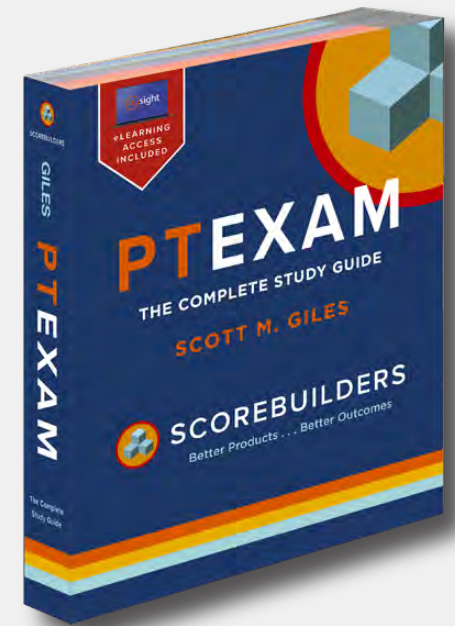

FREE BASECAMP ACCESS!

15 days of **Basecamp** access is **FREE** for course participants.

PTEXAM: The Complete Study Guide

The current edition of **PTEXAM: The Complete Study Guide** sets a new standard for review book excellence. The expansive academic review section includes chapter essentials and proficiency exercises to ensure student mastery of critical NPTE-PT content. Detailed explanations for each of the correct and incorrect options allow students to gain valuable insight when attempting to differentiate between good, better, and best options.

Our eLearning site - Insight provides students with a powerful testing platform that utilizes a technologically advanced performance analysis section.

The retail price of **PTEXAM: The Complete Study Guide** is \$99.00. The review course discount price is \$79.20 (Save \$19.80).

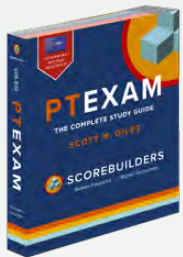

Our advanced technology and ability to model our exam questions after the style and difficulty level of the NPTE-PT offers students a true competitive advantage. Our edition guarantee provides students with formal updates throughout the 12-24 month edition cycle.

Scorebuilders' Pass Pledge provides On-Campus, Webinar, and ACE users with support until they pass the exam! Our product line is designed to provide the best opportunity for first time success, however, when life throws you an unanticipated curveball, Scorebuilders will be there to assist you across the finish line. Visit scorebuilders.com/passpledge for more information.

We are constantly developing innovative study tools to assist students to meet their goal of passing the NPTE-PT on their first attempt. We have been refining this art for three decades and are just as passionate today as the day we started.

LETTER FROM THE PRESIDENT

Hello,

Thanks for your interest in hosting a Scorebuilders' Review Course. The quality of our courses and course instructors combined with our pricing structure make our course a superior value. Much of our impressive growth has been fueled by maintaining our existing courses and adding new courses each year, including many academic programs that originally offered courses through other companies. No review course is a panacea, however, I believe there is ample evidence to suggest that our review course provides students with the best opportunity for first time success.

Please do not hesitate to contact me if you need additional information or would like to confirm specific course dates. Our web site www.scorebuilders.com offers additional information on our entire product line. Thank you for your continued support.

Sincerely,
Scott
