

PTEXAM: THE COMPLETE STUDY GUIDE

SHIPPING UPDATE

The Story

Two primary factors have led to a delay in shipping your copy of our best-selling review book **PTEXAM: The Complete Study Guide**.

1 Production delays

Our books are printed by the largest printing company in the world. Production times which have historically been two months quickly escalated to eight months with virtually no warning. A world-wide paper shortage and to a lesser extent workforce shortages have been to blame for this dramatic change. We have been working closely with our representatives to expedite the process but even with their considerable assistance we find ourselves in this predicament.

2 The resource is the bomb!

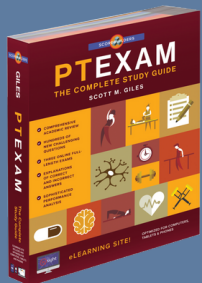

Sales for the best review book on the planet have been through the roof during this past year. We are thrilled with this development, but we also recognize that this delay is a considerable inconvenience for you. We are doing everything in our power to get the book into your hands as quickly as possible.

The Good News

We were informed that 10,000 copies of the review book will ship to us in mid-August. We anticipate all backorders being shipped from our warehouse via the US Postal Service within 3-4 days of the delivery date.

In addition, any time we have a new printing, we make small changes in the review book. We have taken advantage of this opportunity and added some cool updates. We will also maintain our present pricing structure despite production costs increasing by over 35%.

Time is Up!

We recognize that for some students it may be impossible to wait until mid-August. If this is your situation, we have a solution for you! We have several hundred copies of the previous edition (2020) remaining that are available at a 35% discount (Retail Price \$90.00; Discount Price \$58.50). The resource was built for the current exam blueprint and is therefore perfectly appropriate for anyone taking the NPTE in 2022 or 2023. This offer is available while supplies last by calling our office (207)885-0304. The office is staffed 8 am - 5 pm Monday through Friday.

We sincerely apologize for this inconvenience and greatly appreciate your patience. We look forward to assisting you to achieve your educational goals!

Sincerely,

The Scorebuilders' Team
